Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Application of the Principles of Psychology: To the Work of Teaching At no previous time in the history of education in this country have teachers and School Superintendents manifested a more earnest desire to understand the philosophy of their work. Everything written upon the subject is read with interest. The American Institute of Instruction, through the Trustees of the Bicknell Fund, awarded the entire income of that Fund for the year 1883, to the best essay upon the Application of the Principles of Psychology to the work of Teaching. The committee of award consisted of J. W. Dickinson, Mrs. E. N. L. Walton, and George H. Martin. Within the limit of time allowed for presenting the essays, thirty were received. Among these were others of considerable merit; but to the essay by Prof. Hailmann, the committee made the award with entire unanimity. By the conditions of the award, the essay receiving the prize becomes the exclusive property of the Institute. Electrotpe plates have been made, and an edition of this essay is published, to facilitate a study which must be more and more pursued, as progress is made in the art of teaching. The abstract read at the Annual Meeting of the Institute, was received with much favor, and it is believed the publication at the present time will meet a general demand. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
