Diplom.De Mrz 2005, 2005. Taschenbuch. Book Condition: Neu. 210x148x10 mm. This item is printed on demand - Print on Demand Titel. Neuware - Master's Thesis from the year 2004 in the subject Business economics - Investment and Finance, grade: 1,0, Hogeschool Zeeland (unbekannt), language: English, abstract: Inhaltsangabe:Introduction: Within this thesis fundamentals of performance attribution are treated as well as the practical implementation of such a system. However, for many people who already asked to receive a copy of this work, the most important part will be the analysis of the (partly internet based) questionnaire revolving around performance attribution. The theoretical part contains the fundamentals of portfolio theory and the constructive CAPM, followed by basics of portfolio management. Next topics are the estimation of risk and performance for investment portfolios. The finishing touch is done by introduction of performance attribution theories handling both, equity and bond attribution. Within the practical part a short analysis of the affected asset management company is performed, accompanied by research of performance presentation. A questionnaire has been sent to 80 non-banks of the German HDAX index as well as to all members of the BVI. Furthermore an internet based version of the questionnaire has been introduced to a large number of institutional clients. The analysis of this questionnaire is one of the topics of this work. For the affected company the results from the questionnaire are used to identify the competitors possibilities and the clients needs, resulting in fundamental ideas for the catalogue of requirements. The analysis of the investment process and based on this the choice and the implementation of a performance attribution system are the last parts of this work. Still it has to be mentioned that recommendations for organizational changes are part of implementation. There are three reasons why this thesis has been...
