## Heat and Thermodynamics (Classic Reprint)

By Francis M Hartmann

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Heat and Thermodynamics With so many good works in existence, both on Heat and Thermodynamics, it may perhaps appear presumptuous to publish the following text. The author, however, has long felt the need of a text, in teaching the subject of thermodynamics, which properly covers, without introducing too much material, the fundamental principles of heat measurements. To expect an average student to cull from his text book on physics, or some treatise on heat, no matter how well the subject may have been taught, an introduction to thermodynamics is, in general, expecting somewhat more of him than he can accomplish. But it has been found, by experience, that a short course on the fundamental principles of heat, given as an introduction to the subject of thermodynamics, greatly reduces the difficulties, experienced by most students, in pursuing this subject. Since it is almost impossible for a student to understand a complex piece of apparatus, unless he can actually examine it, long and tedious descriptions have been purposely avoided. Likewise, for the reason that photographs are seldom,...
