

The Holocaust Origins, Implementation, Aftermath Rewriting Histories

By -

Routledge. Hardcover. Book Condition: New. Hardcover. 432 pages. Containing an almost entirely new selection of texts, this second edition of *The Holocaust: Origins, Implementation, Aftermath* presents a critical and important study of the Holocaust. Many of the pieces challenge conventional analyses and preconceived notions about the Holocaust, whether regarding genocidal precedents and the centrality of antisemitism, the relationship between ideological motivation and economic calculations, or the timing of the decision on the Final Solution. Starting with the background of the Holocaust and focusing on colonial violence, antisemitism and scientific racism as being at the root of the Final Solution, the book then examines the context of the decision to unleash the genocide of the Jews. Several powerful texts then provide readers with a close look at the psychology of a perpetrator, the fate of the victims with a particular emphasis on the role of gender and the murder of children and the impossible choices made by Jewish leaders, educators, and men recruited into the Nazi extermination apparatus. Finally, there is an analysis of survivors testimonies and the creation of an early historical record, and an inquiry into post-war tribunals and the development of international justice and legislation with a view...
