

The God Particle: God-Talk in a Big Bang World (Hardback)

By Kirby R. Godsey

Mercer University Press, United States, 2016. Hardback. Book Condition: New. 210 x 133 mm. Language: English . Brand New Book. The expansion of human knowledge that springs from the inquiries of science can become a profound resource for our faith traditions. We need not choose between faith and reason as the rejection of reason often leads to a failure of faith. The high calling of the scientific community is to bring the realities of our universe into sharper focus. Our faith traditions enable us to discern meaning and understanding in our lives that cannot be realized by examining facts alone. Both the knowledge we are gaining from science along with the deep insights that we gain from our faith stories provide light and encouragement for navigating our human journeys. The hope and compassion and embodiments of grace that we experience within our communities of faith and the new knowledge we discovered through explorations of our world, such as the now-famous discovery of the god particle, can come together to lead us toward a better understanding of ourselves and our world. We are learning that the universe, including ourselves, is a constellation of creative interdependence. There are no isolated entities in...

Reviews

This book is definitely not straightforward to get started on studying but extremely exciting to read. It is really simplistic but shocks in the 50 percent of the ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
