Regent College Publishing, US, United States, 2006. Paperback. Book Condition: New. 208 x 136 mm. Language: English . Brand New Book ***** Print on Demand *****.Does God will that the true believer in Christ be in good physical health? Is a Christian promised good financial health by virtue of his or her faith in Christ? If the Christian does not experience these blessings, must we assume that he or she is outside the will of God? Gordon Fee provides a provocative discussion and a direct challenge to all who struggle with these issues. Perhaps no other issues more directly affect the lives of professing Christians as do the issues of health and wealth and their relationship to the will of God. In *Disease of the Health Wealth Gospels*, Dr. Gordon Fee looks at the treatment of these two themes as frequently found in popular Christian teaching. Based on solid exegesis of the Scriptures, looking at each theme separately, this book suggests that there may be yet a more excellent way in viewing these emotionally charged issues. Gordon D. Fee is Professor Emeritus of New Testament Studies at Regent College, Vancouver, British Columbia, and an ordained minister of the Assemblies of God. Considered to be one of the foremost experts in textual criticism of the New Testament of the Bible, Dr. Fee was a member of the editorial board that composed both the New International Version (NIV) and Today's New International Version (TNIV) translations of the Bible. He is also the author of numerous commentaries and books on biblical interpretation, including the popular introductory work *How to Read the Bible for All Its Worth* (co-authored with Douglas Stuart).
